WORK EXPERIENCE

Since Feb'25: Mireya UK Ltd. (HR Partner : NeuralWorx Services India Pvt. Ltd, India) as Global Delivery Head

Since Sep'20: Giift Plus India Pvt. Ltd, India - Singapore as Head Of Delivery

Key Result Areas:

- ❖ Led global delivery operations across North America, EMEA, and APAC, managing enterprise programs, strategic accounts, and multi-disciplinary delivery teams.
- ❖ Led API-first architecture strategy integrating ERP, POS, Ecommerce, Payment and third-party services supporting B2B and B2C platforms.
- ❖ Conducted stakeholder workshops, customer discovery sessions and solution design exercises to identify market opportunities and prioritize platform investments.
- ❖ Led AI transformation initiatives leveraging Azure OpenAI, LLMs, AI Agents, Prompt Engineering and AI-powered automation to improve customer engagement and operational efficiency.
- ❖ Managed technology portfolios leveraging Azure, AWS, DevOps, AI/ML, and Enterprise Platforms, ensuring scalable, secure, and high-performing solutions.
- ❖ Established and institutionalized enterprise-wide Delivery Governance and PMO frameworks, driving SLA compliance, risk management, financial governance, contract adherence, and operational excellence.
- ❖ Managed a portfolio valued at \$10M-15M with accountability for delivery execution, resource optimization, financial performance, customer satisfaction, and business outcomes.
- ❖ Implemented standardized KPI dashboards, executive reporting, and governance scorecards, improving delivery predictability, transparency, and risk mitigation across programs.
- ❖ Introduced AI-enabled delivery health monitoring, predictive risk analytics, and automation initiatives to improve operational efficiency and decision-making.
- ❖ Led Lean and process transformation initiatives, reducing delivery cycle time by 20% while improving productivity, quality, and customer experience.
- ❖ Directed cross-functional governance across PMO, Delivery, Resource Management, Practice, and Finance teams to ensure alignment with strategic business objectives.
- ❖ Built and led high-performing teams of 80+ professionals including Project Managers, Engineers, Architects, QA, Infrastructure, and Support teams across global delivery engagements.
- ❖ Partnered with CXOs, business leaders, and strategic customers to drive digital transformation, delivery excellence, executive governance, and long-term customer success.
- ❖ Supported business growth through RFP leadership, solutioning workshops, effort estimation, presales collaboration, and strategic account expansion initiatives.
- ❖ Provided leadership for digital transformation programs, cloud adoption initiatives, enterprise modernization, release governance, and large-scale global implementations.
